Medical

Avery Dennison Medical is committed to deliver products and services of the highest possible standards, to satisfy or exceed customer requirements for quality, safety, reliability and service.

We achieve these objectives through an effective quality management system that complies with all international standards and regulations and is dedicated to consistently producing safe and effective medical components and devices.

Quality is continually improved through identification and improvement of quality objectives directly related to Avery Dennison Medical's quality system.

Avery Dennison Medical verbindt zich tot het leveren van producten en diensten van de hoogst mogelijke normen, om aan de eisen van de klant op het gebied van kwaliteit, veiligheid, betrouwbaarheid en service te voldoen of ze te overtreffen.

We bereiken deze doelstellingen door middel van een effectief kwaliteitsmanagement systeem dat voldoet aan alle internationale standaarden en voorschriften, waarbij we toegewijd zijn aan het consistent produceren van veilige en effectieve medische componenten en hulpmiddelen.

Kwaliteit wordt voortdurend verbeterd door het identificeren en verbeteren van kwaliteitsdoelstellingen die impact hebben op het kwaliteitssysteem van Avery Dennison Medical.
